Caterpillar Diesel Generator 520KW, 650 KVA with Reliance Electric Alternator. Look at pictures for more details of Alternator. This unit has 245 hours and was manufactured in the early 1980's. Still under power in Hospital, let us know you would like to see video of machine operating. Only ran during monthly required 30 minute tests and during limited power outages. Call for a copy of the latest Load Test and Maintenance Report. This unit was a standby power unit and always maintained by generator professionals due to strict Joint Commission and NFPA 110 standards. The generator is in a protected environment, as pictures will show. The generator can be restarted in place if buyer would like to see a test

Removal and Loading on a trailer or ocean container included, Buyer pays all shipping cost. Call 1-800-667-9189 if you have any questions.
