Dear Victor,

We are removing (2) generator enclosures from a site in Culpeper, VA. The generators are not included in the sale.

The enclosures are currently disassembled into three pieces (two enclosure pieces and the belly tank) so that they could remove the generators. They can reassemble them for us before shipping.

Site details:
Located in Culpeper, VA
Site can accommodate 53' truck
24 hours advance notice required

I'm attaching some photos below as well as a design pdf of the enclosures.

PDF: [1500kW Generator Enclosure Design PDF](#)

Please take a look and let me know if you can use these units.

We also have (2) UPS enclosures that I can provide pictures of and design notes for if you're interested.

Thank you--

Sincerely,

Mordechai Shinefield
