Victor,

Mustang has purchased a G3520 2,000-kW natural gas parallel to grid mode 4160-volt generator set. This unit has 3,000 hours since new and comes with a CAT ESC good through March 2015. Your price for this unit is \$425,000 loaded on your truck in Houston, TX.. This is complete with the remote radiator and the utility grade paralleling gear. I have attached a few photos for you to review. Please let me know if you have any questions.

Thank you,
Todd Moseley
