Victor,

Let me know if you want this. Its a 230KW Onan, same model as the other one you were looking at. Right now the radiator is not mounted but we have a radiator that we can mount on it for you and we will paint it so that it looks perfect. Tested, working, good condition. 1994 model, 2017 hours. Your price is \$16,000 FOB PA. Let me know if you are interested. If so you can hold it with a deposit and we will get it through the shop, once you are satisfied with the video/inspection you can pay the balance.

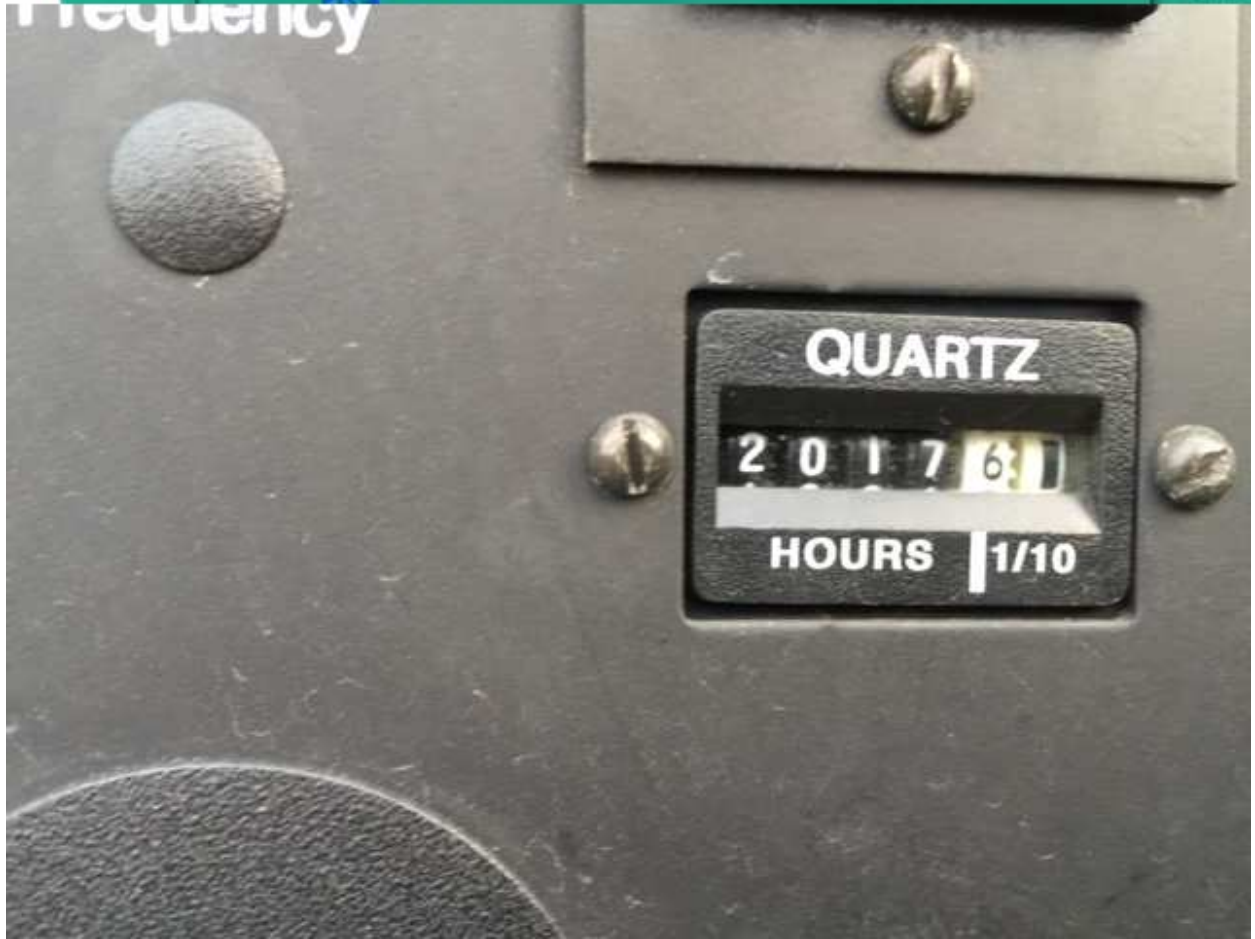

Sincerely,

Josh

Sincerely,
