**Subject:** RE: 3 x CAT Diesel Generators

Nik,

We are heavily marketing these units at \$600,000 (\$200,000 each), they are currently in Holland and we have to move them within the next 2 weeks. There would be a deal to be done if we could sell them from site.

Regards  
Gail

Gail,

I know we are in the process of building our inventory for the new year and we are working on several projects that might call for one of these units. Please send me your best price on these units and I will pass them on to my purchasing manager.

Best Regards,

*Nik Wachlarowicz*
