Serial Numbers: G8E00074
Total Operating Hours: 6802 Hours

Engine Data:

- Caterpillar C175-16
- 84.7L Displacement
- 175 MM Bore x 220 MM Stroke
- 1800 RPM

Generator Data:

- 3100kW
- 3875 kVA
- 60 Hertz
- 3 Phase
- 4160 Volts / 538 Amps

Condition

This unit is operational. The unit recently received service bulletin repairs from Finning to include rods, rod bearings, & updated crank.

When the unit was brought into the shop, the location treated the unit as they would any that ran with contaminated oil. The location tore the unit down & cleaned all passageways that oil would pass through. During the rebuild of the engine, all parts were inspected and the following replacements/updates were made:

- Replaced generator space heaters as per CAT Service Letter

Skidded House w/ 208

Six Pac Generator

(REBE8458-01/PS43692)

- Updated crankshaft, crankshaft dowels, damper adapter, flywheel and damper as per CAT Service Letter (REBE8258-01/PS43820)
- Update fuel system software as per CAT Service Letter (REBE9803-01/PS43994)
- Engine software updated as per CAT Service Letter (REBE9035-01/PS43788)
- Replaced the connecting rod bearings as per CAT Service Letter (REBE6385-05/PS43141)
- Replaced the oil filter elements as per CAT Improvement Letter (TEBE0861-01/PI10956)
- Honed liners
- Installed new piston rings
- Replaced 9 injectors that did not meet cat reusability guidelines
- Installed new main & rod bearings
- Replaced the engine oil pump
- Replaced turbo cartridges
- Replaced the high pressure fuel pump
- Replaced oil cooler
- Used all new gaskets and seals to replace above components and rebuild the engine

Upon completion of the rebuild, the unit was put on the load test bank and run up. Due to the limited capabilities of the load test bank, the location was not able to run the unit up to full load – was only able to test start-up and power down; the unit appeared to have no issues.

The location is unable to assist with load-out. Buyer is responsible for all labor, equipment, logistics and associated fees to pick up the unit. Location requires at least a 24 hour advance notice prior to pick up.

Removal Hours: By Appointment Only

PPE: All visitors, whether for pickup or inspection, must be wearing long pants, long sleeves, reflective vest, hard hat, safety glasses, gloves and steel toes.

This listing is sold AS IS WHERE IS with all faults and no warranties expressed or implied.

Listing Terms

Payment Buyer's Premium: 10%
 Payment in full is required within 3 days of the invoice date. A 2% late fee will be added for all payments received after that date.
 Payment by Wire Transfer

Removal Removal Deadline: 10 days after the invoice is generated. Unclaimed items beyond the removal deadline are subject to additional fees and forfeiture. Please refer to our website rules.
 Buyers are required to examine all items prior to removing them from the location. If the item differs significantly from how it was represented in the listing, the Buyer must contact Customer Care prior to removing.
 If Buyer does not remove all item(s) by the removal deadline, storage charges of \$50.00 per day will accrue on the Buyer's account.
 This Item is being sold AS IS WHERE IS. NO customs, export, or import assistance is available from our Company, the Seller, or the Storage Location. Our Company, Seller, and Storage Location expressly disclaim the appropriateness of this item to be exported from, or imported to, any country. Shipping, logistics, transportation, loading, customs, export, and import activities, and all associated costs, are the sole responsibility of the Winning Buyer.
