Flag Status: Flagged

The other unit from Roy @ Golan power was a lowBSFC any did not meet TIER 1.

I would mark this up by \$22,000 FIRM price to your customer.

Engine driven rad can be supplied Loose for \$15k more.

Thank you,

Victor,

Please see the attached for the Build and Performance data sheets. It is a Tier 1 unit. The best price I can offer is \$146,680.00. Please note that it does have a remote radiator. This unit came out of a Military Hospital, that I personally removed myself when I was a technician, it's in very good shape. If you have any other questions, please let me know. I appreciate your interest.

Thanks,
