Good afternoon!

Thanks you for taking my call, I appreciate your time!

I have listed below the specs for the G3406NA, 150KW units that we currently are in need of good homes for! Please take a look and let me know if you think this is something that you might have an interest in! We have been asking 82,700 for these units but I believe that if you take more than one, we could always do better. We are also interested in trade in on these as well! These are all brand new units that have been load tested and painted after test. All are ready for immediate use.

Thank you for your time and have a great Holiday!
