Statutory VAT is charged on top of the prices.

For your information, Zeppelin Power systems, a Zeppelin group company, is with over 600 employees the leading system provider for solutions in the propulsion and energy industries. the exclusive partner of Caterpillar engines (Cat and MaK) for over 50 years, Zeppelin Power systems offers their customers individual, highly efficient system solutions with comprehensive services in the marine, locomotive, and oil & gas industries as well as for power generation and mobile & stationary applications with a power range of 15 kW to 16 MW.

USED EQUIPMENT

Zeppelin Power Systems operates its own, specialised procurement, reconditioning and marketing division for used equipment in Bremen, Germany. The department

offers premium pre-owned engines as an optimised and market-related customer solution next to the new engine business.

ZEPPELIN PREMIUM PRE-OWNED

Premium Pre-owned means professionally overhauled, upgraded and certified engines & generator sets including various warranty options. Certified means, that every engine and generator set must pass our comprehensive inspection performed by a trained technician. Our modern workshop facility is equipped with a test bench. After the general overhaul, all engines and aggregates are carefully tested. the final test is performed according to Caterpillar specifications.

In our list you'll get an overview about our wide range of high quality and tested
