

A close-up photograph of a yellow metal plate with the Caterpillar logo. The logo is embossed in a dark, textured material. The word "CATERPILLAR" is written in a bold, sans-serif font. The letter "C" is partially cut off on the left side. The "P" has a distinctive triangular cutout at its base. The rest of the letters "ILLAR" are visible. The plate is mounted on a larger yellow metal structure, with a hexagonal bolt visible at the top left and a corrugated metal hose at the top right. The overall appearance is that of a well-used piece of heavy machinery.

CATERPILLAR
