Victor,

This unit is available. Where do you need it?

- Caterpillar New Surplus C18 DITTA Marine propulsion engine
- rated 1000Hp@2300RPM

It's got a ZF marine transmission on it, that can be purchased as well but is not included on this price. \$6,500 for the gear box.

\$76,000 FOB San Diego price of the engine is for the engine AS-IS. But was told that could get the engine up to speed and 100% to spec for an additional \$5,500 and the work would be performed by a CAT dealer.

Let me know
