Joe,  
Nice to hear from you!  
I have attached a few photos of the unit you requested. This unit is still available and has recently been serviced, dyno tested and painted. It has 500 hrs since new and is complete radiator through flywheel! Please let me know if you need more info on this unit. The first three pictures are after paint and load testing. The rest are of the units when they came in. It comes with a 6 month warranty! It is ready to go at any time! Make me an offer I can't refuse!

**We can let this one go for 52,000.**
